

re:develop 2019

20th September 2019

Bournemouth, UK

Sponsorship Packages

We're excited to announce that re:develop is back again for 2019.

re:develop is an event that is organised and run for the community, by developers for developers. We rely on sponsorship to make the event affordable for everyone. With Bournemouth identified as a 'hotspot' for new technology business with the fastest growing tech sector in the UK economy, it's also a great opportunity to get involved in the tech scene.

We are working hard to make 2019 our best year yet! The conference has been established over the last four events for attracting development talent from all over the UK and Europe, and high quality, influential speakers. Tickets have just gone on sale and so far we've had an incredible response.

If you're interested in sponsoring re:develop 2019 please get in touch and we'll guide you through the process.

We look forward to working with you.

Tom Quay

Managing Director at Base, organisers of re:develop

Thanks @redevelopconf for a great conference. You've now set a precedent for catering though. That will be tough to beat next year. @ouirgane

Home again after an excellent day at @redevelopconf. Bravo to all the speakers, organisers & sponsors. @adrianh

About re:develop

The re:develop conference is gaining more recognition and interest each year. We strive to make each conference better than the last. On 20th september 2019, developers will come together from near and far to discuss the newest trends, techniques and the future of development.
